

**The 11th International Workshop on Solid-State Quantum Computing  
(IWSSQC2023)  
December 13-16, 2023, South China Normal University, Guangzhou, China**

**FIRST ANNOUNCEMENT**

The 11th International Workshop on Solid-State Quantum Computing (IWSSQC2023) is set to take place from December 13-16, 2023 in Guangzhou, China. Since its inception in 2007, IWSSQC has been a platform for researchers from China and overseas to collaborate and advance their research in solid-state quantum computing and related fields. The previous workshops were held in Nanjing, Taipei, Hong Kong, Shanghai, Hong Kong, Beijing, Nanjing, Taipei, Hangzhou, and Hong Kong.

The workshop is jointly organized by South China Normal University, Nanjing University, and The University of Hong Kong. IWSSQC2023 will bring together scientists from around the world to discuss the latest experimental and theoretical developments in solid-state quantum computing and quantum information processing. The event will feature invited and contributed talks, as well as a poster session. While in-person presentations are preferred, alternative options may be possible on a case-by-case basis, subject to confirmation by the organizers in advance.

The workshop website is <https://conf2.scnu.edu.cn/>. Registration and abstract submission for IWSSQC2023 will be open from June 1 to November 30, 2023.

We invite you to participate in IWSSQC2023 and look forward to a stimulating and productive workshop on solid-state quantum computing.

**Organizing Committee**

Lu-Ming Duan	Tsinghua University, China
Zidan Wang (Co-Chair)	The University of Hong Kong, Hong Kong, China
Zheng-Yuan Xue	South China Normal University, China
Hui Yan	South China Normal University, China
Jian-Qiang You	Zhejiang University, China
Yang Yu (Co-Chair)	Nanjing University, China
Bei Zeng	Hong Kong University of Science and Technology, Hong Kong, China
Shi-Liang Zhu (Chair)	South China Normal University, China

**Local Organizers:**

Zheng-Yuan Xue, Hui Yan, and Shi-Liang Zhu
