

Keynote & Plenary Speakers

Keynote Speaker

Franco Nori (RIKEN, University of Michigan, USA)

"Nano-Electronics using Quantum Circuits as Artificial Atoms on a Chip"

[Abstract](#)

[CV](#)

Plenary Speaker

Hongjie Dai (Stanford University, USA)

"Nanosciences for Biological and Energy Systems"

[Abstract](#)

[CV](#)

Lei Jiang (CAS, China)

"Smart Interfacial Materials from Super-Wettability to Brainy Cooperative Complementary Systems"

[Abstract](#)

[CV](#)

More information will be posted soon.

Hosted by : Ministry of Science, ICT and Future Planning
Ministry of Trade, Industry & Energy

Organized by : Korea Nano Technology Research Society
Nano Technology Research Association of Korea
