

# META 2024

## 14th International Conference on Metamaterials, Photonic Crystals and Plasmonics

Toyama, Japan, July 16 – 19, 2024

**Significant updates were made to the program on June 22**, including the archiving of all non-registered papers.

**Phishing warning:** We are aware of phishing emails targeting speakers of events whose names appear on our events pages. If you are unsure if an email regarding event registration or accommodation has come from us please contact us and do not provide any credit card details or personal information.

Join the elite community of researchers and scientists at META 2024, the premier event for cutting-edge developments in the field of Metamaterials, Photonic Crystals, and Plasmonics (**Scopus-indexed**). As a participant in this 14th edition, you will have the opportunity to showcase your latest findings, collaborate with leading experts in the field, and expand your professional network. With 966 attendees hailing from 43 different countries and a total of 148 technical sessions at the prior Paris edition, META has firmly established itself as the preeminent conference in the fields of nanophotonics and metamaterials. Your involvement in META provides a unique opportunity to connect with and gain insights from global leaders in these rapidly evolving research areas.

Featuring a dynamic program that covers a wide range of exciting topics such as Metasurfaces and Metadevices, Acoustic and Phononic Metamaterials, Plasmon-enhanced Spectroscopy, Quantum and Nonlinear Photonics, Nanophotonics for Biology and Medicine, and much more, META 2024 is the perfect platform for you to share your knowledge and gain valuable insights from your peers.

The conference will be organized in four days, from Tuesday 16 to Friday 19 July 2024 and will feature several plenaries, keynotes, tutorials, and special invited sessions on emerging and interdisciplinary topics.

**Harry Atwater**  
Caltech  
USA

**Hui Cao**  
Yale University  
USA

**Franco Nori**  
Riken & Univ. of Michigan  
Japan & USA

**Takashige Omatsu**  
Chiba Univ.  
Japan

**Daria Smirnova**  
Australian National Univ.  
Australia
